Brussels, 30st July 2018

Dear All,

On behalf of the Brussels Scalex Club and all his team, I am glad to announce the opening of the registrations for the **29th edition of the 'Scaletric' International 24 hours of Brussels**.

Our 24 hours will take place on Friday 16, Saturday 17 and Sunday 18 November 2018 in « the Centre Communautaire de Joli- Bois » in Woluwe Saint-Pierre (Brussels).

We will race again on our **Scalextric Sport 16 lanes track** (20 team's maximum) or on our **Scalextric Sport 24 lanes track** (26 teams).

As you know, our tracks are more than 50 meters length and have now been elevated. The voltage has been limited to 12 volts and each lane is identified by both number and colour.

For the race, we will use the **GT3** from **SCALEXTRIC** with **PCR** or **SHAPEWAYS 3D** frames equipped with **SLOT-IT** mechanics.

The admitted cars are: the **ASTON MARTIN Vantage**, the **BMW Z4**, the **AUDI R8 GT3**, the **MERCEDES AMG GT3** and the **PORSCHE 911**.

For this 29th edition, we shall keep our classical race categories but with Series GT3 classifications "**PRO**" (the quickest) and "**PRO-AM**". We shall invite some teams to compete in this last category together with 'club' teams of the BSC. Each team, whatever its level, will be able to find its place in this competition even if teams from the European top will be for sure present. So do not hesitate to register!

Like the « **TOTAL 24 Hours of SPA** », we organize a "**TEAM CUP**". The **Teams** who will register two or three cars can participate to this cup. The performance will be based on the regularity between the two best cars within a Team. We shall add the difference of laps between them on each track.

For those who do not know our 24 hours yet, you will discover the particular atmosphere of the Brussels 24 hours: the hall of Joli-Bois with his mezzanine giving a spectacular view on the circuits, his theatre, his restaurant and his bar, the public and the animations, the pop rock music and the race comments. For your rest during the night of the race, we keep a quiet place in the theatre where you can install your camp beds or your air beds..

The technical rules are attached to this mail and the information concerning the race will be published on the site of the BSC: www.brusselsscalexclub.be

In 2018, the teams have the choice of the number of race... These will be printed by the BSC and stuck on the car during the inspection.

This number has to be between the number 10 and 99. (To avoid the confusion with the number of track) It is necessary to choose three numbers. If the first one is not already given to a team, will be otherwise awarded the second or then the third.

The teams which participated at the 24 H 2016 guard the awarded number. Here is the list of the already awarded numbers: : 10/11/14/19/22/27/32/55/61/63/66/67/69/72/76/81/82/83/96.

To register, please read carefully the document « Selection process 24H 2018 » attached to this mail.

Will be automatically registered the 20 first teams having paid their registration fee. (in this case a 16 lanes track will be installed)

If we reach registration requests for 24 team's minimum, a supplementary 8 lanes track will be installed.

IMPORTANT:

Provisional registration: *mail with complete data.*

Final registration: *provisional registration and payment within the 2 weeks*

Watch out: a team will only be definitely selected when the whole registration fee is paid within the time limit.

Sorry for the strict and administrative side of this procedure, but this is necessary to avoid any selection problems.

From September, we will try to put a maximum of information on the website but, in the meantime, if you have any questions, do not hesitate to contact me.

We hope to live once again a fascinating event for the great pleasure of all

Friendly yours,
